COMPANY PROFILE

“

**We ensure safety,
reliability, and efficiency to
fulfill your critical
wholesale needs.**

”

Why choose us

Rigorous Quality Control

We ensure product quality is prioritized by carefully vetting suppliers and conducting rigorous factory audits.

Professional Services

Our global logistics experts are here to meet your critical sourcing needs and provide any necessary after-sales support.

Extensive Product Selection

Our team of experts works with vetted manufacturers offering a wide variety of gloves, face masks, face and eye protection, protective clothing, disinfectants and sanitizers, and more.

Efficient Sourcing

We have access to demanding supplies in critical periods because of our direct relationship with top medical and healthcare companies.

Reliable Supply Chain

We provide end-to-end supply chain visibility and trace the entire production process with efficiency.

Trade Compliance

We assist buyers in lowering their business risks by supporting that their trades are compliant with rules and regulations.

Gloves

Nitrile gloves

Medical quality

Lightweight design

Not easy to puncture

Acid and alkali resistance

- Disposable nitrile gloves-EU
- Disposable nitrile gloves-US

PVC/Nitrile blend gloves

Multifunctional

Durable

Non-allergenic & non-irritating

Competitive price

- PVC/Nitrile blend gloves-EU
- PVC/Nitrile blend gloves-US

Vinyl gloves

Softness and fitness

Dry and smooth coating

No latex protein

A variety of colors

- Vinyl gloves-EU
- Vinyl gloves-US

Latex gloves

Medical grade

Superior tactile precision

Highly flexible

Reasonable durability

Superior comfort

- Latex examination gloves-powdered & powder-free
- Latex sterilized surgical gloves-powdered & powder-free

Surgical mask

Comfortable to wear

Lightweight design

Good protection

Fluid resistance

- Surgical mask level 1
- Surgical mask level 2
- Surgical mask level 3

Respirators

Adjustable nose-strip

Effective facial fit

Lightweight design

Increased breathability

- KN95 particulate respirator
- N95 particulate respirator
- FFP2 particulate respirator

Non-medical mask

Good protection

Increased breathability

Multiple uses

Cute cartoon

- 3 ply non-medical black mask
- Custom Face Mask for Kids
- Special design mask for party

Protective Clothing

Coverall

Enhanced durability and breathability

360 Degree Overall Protection

Reliable Protection in Hazardous Environments

- Coverall no strip pressed
- Coverall blue strip pressed

Isolation gown

Full back coverage

Moderate fluid resistance

Latex free

- Level 1 isolation gown
- Level 2 isolation gown
- Level 3 isolation gown

Surgical gown

Extreme comfort

Superb breathability

Resistance to fluid exposure and blood-borne pathogens

- Level 2 surgical gown
- Level 3 surgical gown
- Level 4 surgical gown

B_a Surgical mask

Features

- ▶ This product is designed for infection control practices in the health care industry.
- ▶ Wearing properly, this surgical mask can protect both patient and healthcare personnel from microorganisms, body fluids and particulate material.
- ▶ Face masks are graded based on how well they protect against different elements. Level 1 masks provide low barrier protection and should not be used for aerosols, spray or fluid. Level 2 masks provide moderate barrier protection for low to moderate levels of aerosols, spray and or fluids. Level 3 masks provide maximum barrier protection and are used for high risk offluid, spray or aerosol exposure.

Details

2.Non-contact Infrared Thermometer

Features

- ▶ Forehead/Room/Object Temperature°C/F switchMute/un-mute switch
Built-in distance-to-spot sensor
- ▶ Tri-color indicator backlight
- ▶ Memory recall of 35 reading, Accuracy for body: $\pm 0.2^{\circ}\text{C}(\pm 0.4^{\circ}\text{F})$
Accuracy for Object: $\pm 1.0^{\circ}\text{C}(1.8^{\circ}\text{F})$
- ▶ Automatic power off
- ▶ 2*AAA Batteries,Product dimension:59*29*35cm

D_d Oxygen concentrator

1. Portable oxygen concentrator for medical and home use

Features

- ▶ Adopts American PSA technology, use physical method to separate pure oxygen from air
- ▶ Advanced oil-free compressor, save 10% power energy;
- ▶ 24 hours continuous working available, 10,000 hours working time warranty;
- ▶ To strengthen your heart, reducing the risk of heart attacks
- ▶ To detoxify your blood, raise energy level
- ▶ To improve strength and build endurance
- ▶ To revitalize the skin
- ▶ To prevent disease, relieve hangovers
- ▶ To help fight off depression

Details

Product name	Model	Certificate	Packing info	Carton dimension	Carton weight	Lead time
Portable oxygen concentrator	5L single flow	CE	1uni/carton	430×310×560mm	23kg	15days
	10L single flow	CE	1uni/carton	470×285×556mm	27kg	15days
	10L dual flow	CE	1uni/carton	470×285×556mm	27kg	15days

Product display

5L single flow

Flow:5L/Min
Oxygen Purity:93%±3% Running Noise:5Ls58dB (A)
Output Pressure:0.04-0.07MPa Voltage:AC220V
Power Consumption:5L500VA
Battery: Without Battery
Continuous Working Time:24hours

10L single flow

Flow:10L/Min
Oxygen Purity:93%±3% Running Noise:10Ls58dB (A)
Output Pressure:0.04-0.07MPa Voltage:AC220V
Power Consumption:10Ls700VA
Battery: Without Battery
Continuous Working Time:24hours

10L dual flow

Flow:10L/Min
Oxygen Purity:93%±3% Running Noise:10Ls58dB (A)
Output Pressure:0.04-0.07MPa Voltage:AC220V
Power Consumption:10Ls700VA
Battery: Without Battery
Continuous Working Time:24hours

2. Single flow oxygen concentrator-5L/7L/10L

Features

- ▶ Oxygen output Concentrator level:93%±3%
- ▶ Outlet pressure:20Kpa-50Kpa
- ▶ Input power consumption :700VA
- ▶ Electrical Requirements:AC220V±10%, 50Hz±1Hz
- ▶ Operating noise:≤60dB (A) SpO2
- ▶ Measurement Range:30bpm-250bpm
- ▶ Safety characteristics
 - Type of protection against electroshock : Class II equipment
 - Degree of protection against electroshock:Type BF applied part
 - Degree of protection against ingress of water:IP21

Details

Product name	Maximum flowrate	Certificate	Packing info	Carton dimension	Carton weight	Lead time
Portable oxygen concentrator	5L/Min	CE	1 uni/carton	508mm*260*530	28kg	15days
	7L/Min	CE	1 uni/carton	508mm*260*530	28kg	15days
	10L/Min	CE	1 uni/carton	508mm*260*530	28kg	15days

Product display

- With working indicator
- Built-in filters to pure the gas
- Oxygen concentration status indicator
- Function of accumulating time
- Function of timing shutdown
- Alarm for power failure
- Alarm for high/low pressure protection
- Alarm for low flowrate

3. 7F-5 Oxygen concentrator

Features

- ▶ 93±3% Oxygen Concentration
- ▶ Flowrate:3L/min
- ▶ Cumulative time function
- ▶ Exceed press safety valve helping safe ensure
- ▶ Install power cut warning function
- ▶ High pressure and low pressure alarming function
- ▶ Medically stable oxygen supply
- ▶ Easy to disassemble filter for cleaner

Details

Product name	Certificate	Packing info	Carton dimension	Carton weight	Lead time
7F-5 Oxygen concentrator	CE	1uni/carton	570*495*805	33kg	15days

Product display

- **Specifications:**

Flow Range:1-10L/min
 Oxygen concentration:95.5%-87%
 maximum outlet pressure:40-70kPa
 pressure relief mechsalm operates at :250kpa±25kpa
 operation noise level:≤60dB(A)
 input power:850VA
 minimum operating time:30 minutes

- **Noise reduction processing:**
 slow down the airflow rate only pure oxygen can "rest"
- **America uop molecular sieve:**
 longer life, higher degree of oxygen production

De Baby sound doppler

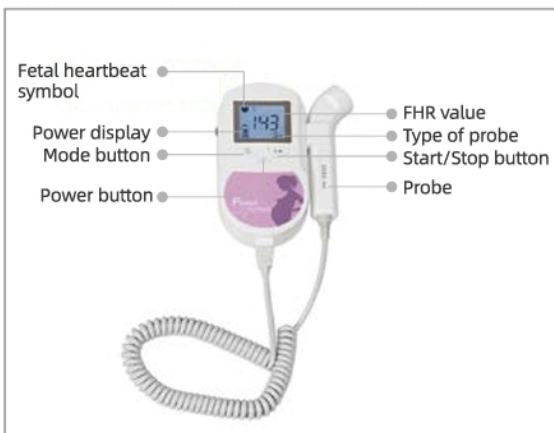

Features

- ▶ The Fetal Doppler is a hand-held obstetrical unit ,which can be used in home, clinic and hospital for daily self-check by pregnant woman.
- ▶ It is a high performance model with (fetal heart rate)LCD digital display .They are all available for user replaceable batteries.
- ▶ The user interface includes power button , volume control , single speaker , headphone jack and LCD display for heart rate ,battery and working mode, probe type.
- ▶ It has audio output ,and can be connected with speakers ,earphones or recorder with audio input.
- ▶ It uses standard 1.5V DC alkaline battery (requires 2 pieces 1.5V DC alkaline batteries to operate).
- ▶ The unit includes one piece interchangeable probe (2.5MHz normal ultrasound probe).
